# Choices for Sharing, Caring & Personalization

Engraveable

# CHOICES FOR SHARING & CARING

With cremation you have the option of keeping all or a portion of the cremated remains. Families may select a unique full size urn to hold all of the cremated remains or choose to create lasting, treasured memories with the selection of personal mementos or uniquely designed jewelry which hold a portion of the cremated remains.

**MEMENTOS** are personal-sized urns, statues, vases and other remembrances that can hold a small portion of cremated remains.

JEWELRY allows family and friends to hold their memories close to their hearts with beautiful necklaces, pendants and bracelets that can encapsulate a portion of the cremated remains.

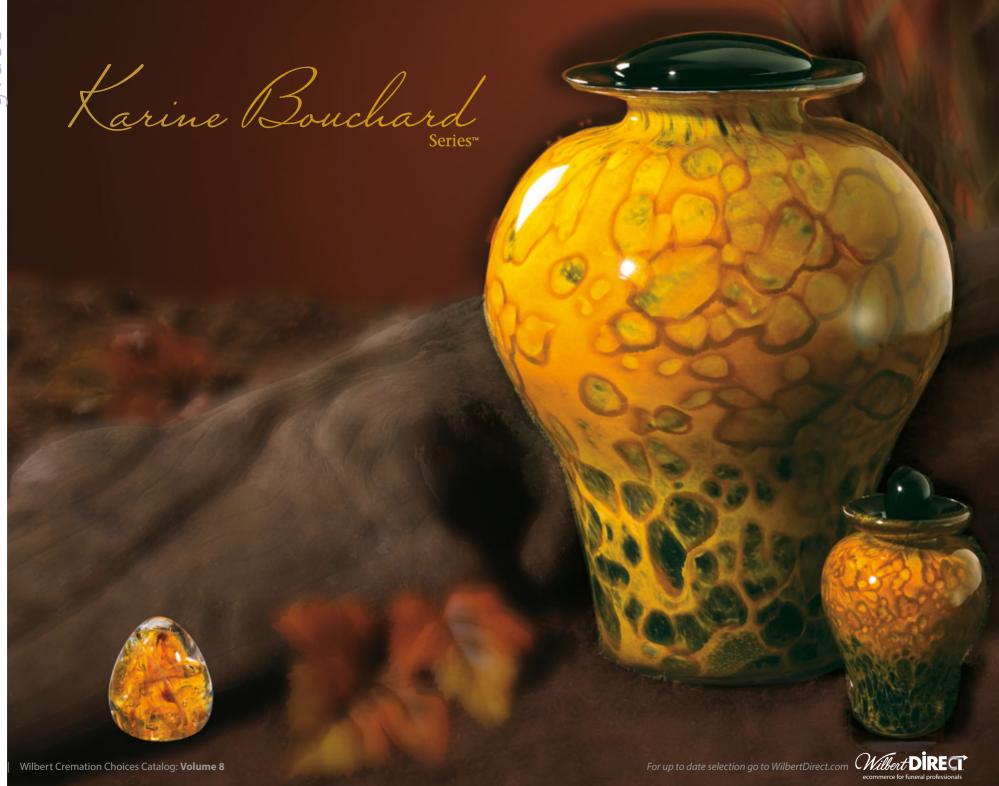

# CHOICES FOR PERSONALIZATION

Cremation offers you the option of adding personalized touches throughout a memorial service such as displaying special photos and cherished remembrances; playing favorite music and videos; sharing stories and memories; selecting memorial urns, mementos, jewelry or urn vaults that capture your loved one's spirit; and even customizing your memorial product selections through meaningful emblems, engravings, or images.

**EMBLEMS** can be added to memorial urns and urn vaults in various styles and finishes to express what mattered most to your loved one.

**ENGRAVING** offers the opportunity to truly personalize your selections with images or text. In addition to the traditional engraving of names and dates, many families choose to pay tribute to their loved one with significant scripture passages, sentimental verses from favorite poems or songs, or custom farewell messages written from the heart.

Personalization makes your tribute and your product selections truly your own.

# Where Will the Cremated Remains be in Five, Ten, Fifty Years?

Cremation is not the final disposition of the remains, but rather, it is the preparation of the remains for final placement. Perhaps no choice is greater than the one regarding the placement of your loved one's cremated remains.

Personal preferences, the wishes of your loved one, and the impact on future generations should all be taken into careful consideration.

#### permanent choice Burial

Burying an urn in a cemetery is a favored choice for many families, providing a permanent resting place and focal point where family and friends can visit and remember a loved one for generations to come.

## permanent choice NICHE

#### short-term choice

# irreversible choice SCATTER

Some families place the urn in a columbarium niche, providing a location where they can pay their respects.

While some families take comfort in displaying an urn at home, considerations include divided families and long-term custody of the remains.

Scattering can be a meaningful choice but it is an irreversible decision and the use of land may change over time. In order to ensure an enduring place for memorialization, some families scatter only a portion of the remains and keep the rest for permanent placement.
