

We Have Your Data: Ransomware and Cyber Security in Deathcare

Session Highlights

Poul Lemasters, who has appeared on the WilbertEDU several times, hit another homerun with his valuable presentation **We Have Your Data: Ransomware and Cyber Security in Deathcare**. Poul gave us a tremendous amount of information, especially convincing us how easy our data can be hacked, and how expensive it can be to recover it. Poul also showed the ways for protecting our businesses from a cyber security breach and what do and who to call if we fall victim. We hope to see you at an upcoming WilbertEDU webinar. Remember, it's free and you receive valuable CE credits.
